scale: 3" = 1'-0"

Panel Cap Section

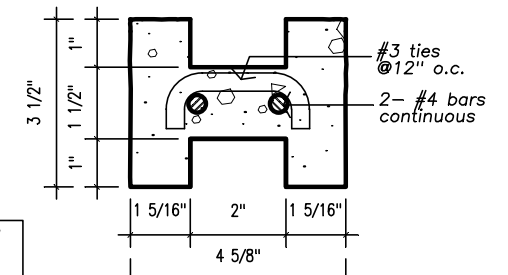

scale: 3" = 1'-0"

Running Post Section

scale: 3" = 1'-0"

NOTE: Details of additional fence post conditions are similar to those shown on Wood Style Concrete Fence Detail Sheet.

Intern Rail Section

scale: 3" = 1'-0"

notes:

1. The column height is 10'-0". Fence height is 8'-0". This style is currently not available in any other heights.
2. All concrete shall be 5000 p.s.i.
3. All reinforcement shall be A.S.T.M. 615 grade 60. Special reinforcement is available upon special order.
4. Footing - 2 feet (min.) deep footing standard per column, 12" - 18" diameter. Depth and diameter can vary per local soil conditions.
5. Color: Tan / Brown. Any other specific color will be produced upon special order.
6. Texture: All exposed sides have heavy wood-grained texture.
7. Gates: Shall have additional steel supports adjacent to concrete columns.
8. All steel reinforcement is prewelded with steel spacers so as to allow for maximum concrete coverage.
9. A special silicone sealant is used to lock the caprail in place. This sealant requires special tools for removal.

We reserve the right to alter the design or specifications without incurring any obligation, all rights reserved.
